Giovedì 09 Aprile 2020 17:40 -

There has been another modification in the 2020 #motogp World Championship Calendar due to the Coronavirus COVID-19 pandemic, with two more events postponed until further notice.

A Statement issued by the FIM, IRTA and Dorna Sports reads:

“The FIM, IRTA and Dorna Sports regret to announce the postponement of the Gran Premio d’Italia Oakley and Gran Premi Monster Energy de Catalunya, which were set to be held at the Autodromo del Mugello from the 29th to the 31st of May and at the Circuit de Barcelona-Catalunya from the 5th to the 7th of June, respectively. The ongoing Coronavirus outbreak has obliged the two events to be rescheduled.

“As the situation remains in a state of constant evolution, new dates for these Grands Prix, as well as the recently-postponed French and Spanish GPs, cannot be confirmed until it becomes clearer when exactly it will be possible to hold the events. A revised calendar will be published as soon as available.”

Team Suzuki Ecstar riders Alex Rins and Joan Mir, plus other team members have been staying healthy, safe and fit in this global lockdown and isolation.
